

## VEGETABLE PREPARATION MACHINE 650 KG/H - THREE-PHASE CA-41 TR

Ref: 0706.10.013 Sammic

100 - 600 Meals.

Large production head with lateral blade, which distributes the product inside the inlet, and handles entire products such as cabbage. The core drill (included) can also be used to achieve the same purpose.

High positioned ejection disc allowing to eject a bigger product quantity.

Lateral product ejection which allows the appliance to be placed in a less deep working surface.

Easily removable lever and lid for cleaning purpose.

Default equipment: 1 speed motor block, large capacity hopper and core drill (optional use).
